About Dibandenger Afra Group

This group started its activities in 2003 as a thousand roles advertising and advertising center. From the very beginning of its establishment based on providing quality work.

This group has been able to be one of the best design and implementation companies in Iran by cooperating with and possessing the best experts in design and implementation until this moment.

The company started its professional activity in 2007 under the name of Dibamo Afra brand and was able to operate internationally. The company's name has now been changed to Diba Negar Maples. Design and implementation of more than 900 exhibition projects and more than 200 interior decoration projects over the past 10 years are the honors of this company. The exclusive factory of this company with an area of 1000 square meters has made this complex one of the most equipped exhibition and decoration companies with the possession of wood machinery and equipment.

The Dibandenger Afra complex also has a history of successful exhibitions in its portfolio.

The services of this group include:

- **Design of exhibition booth projects**
- **Implementation of exhibition stands at international level**
- **Holding specialized exhibitions, seminars and conferences**
- **Design and implementation of commercial and residential interior decoration**
